

Threaded pipe saddle "RAPIDO"

■ USE:

→ For use on cast iron, steel and asbestos cement pipes.

■ MATERIALS:

- 1 - body - ductile cast iron protected with epoxy powder coating,
- 2 - gasket - EPDM or NBR rubber,
- 3-5 - bolts, nuts and washers - stainless steel,
- 6,7 - straps - stainless steel with rubber protection.

■ USE:

→ For use on pipes made of different materials.

■ MATERIALS:

- 1,2 - body - ductile cast iron protected with epoxy powder coating,
 - 3 - gasket - EPDM or NBR rubber,
 - 4,5 - bolts and washers - galvanized steel,
 - 6 - o - ring - EPDM or NBR rubber.
- Cylindrical thread according to ISO 228/1

The product has been certified as suitable for contact with potable water.
